

Needing more ‘Seniors Helping Seniors’!

Interested in joining our NSC Employment Matching program and becoming one of our ‘Seniors helping Seniors’?

It’s easy. Our NSC Employment Matching Program receives calls daily asking for help. We find one of our service providers who is a good match for what the “client” is needing assistance with, then we give you a call to see if you’re interested. If you are, you call the client, discuss the job, negotiate a fee, and “voila”!

We are especially looking for more service providers in the following categories:

- *Handymen (yes, you can say “no ladders or roof work!”)*
- *Housekeeping*
- *Yardwork, Gardening and Weeding*
- *Home Care assistance*

Our NSC Employment Matching Program volunteers who manage this program are available Tuesday, Wednesday, Thursday and Friday from 1pm-4pm. We’d love to have you stop in or call us at **425-286-1028 for more details..**
